Student Council

THE ABOVE needs no comment from Axone - except to repeat what we have so often written before: All students are welcome in Student Council meetings. They are held at 4 pm on the second Thursday of each month. Those who avail themselves of this opportunity to know what is going on will be best able to express an unbiased opinion when polls such as the above are conducted

heard by Chance:-

(Dr. Redding) "Have you ever given any corrections on the floor?" (Externe) "No I have never given any corrections on the floor!" -Some corn!

FRATERNITIES

STUDENT COUNCIL has been debating whether to stay in business or no. As a result it was decided to put the issue to a poll. This survey will take place within the near future. Every student will have opportunity to vote on the aspects of the debate. While the results will not be binding upon the present Student Council, to a large extent it will govern their attitude when they discuss the problem with the Dean's Office.. It is hoped that all voters will be frank, since it is the desire of the representative body to be able to furnish a form of student government which will meet approval in all circles.

CLASS CLUB will maintain a headquarters at the Eastern Osteopathic Convention, NYC.
