Dr. Richard S. Koch

Olympia, Washington

Dear Dr. Koch:

I should like to invite you to present a paper on the results of your study of the effects of manipulative treatment on cardiac problems, at the A.O.A. convention in New York City.

This letter is to confirm our talk in Los Angeles. I should like you to pick your own title. I am interested in your presenting statistical results of your observations using any illustrative means to amplify your talk. At present I am allotting you twenty minutes on the Friday morning program.

I shall be glad to discuss your subject and ideas with you. Please give my greeting to Mrs Koch.

Fraternally yours,

Myron C. Beal, D.O.
