Dear Dr. Koch:

I was pleased to learn that you have been requested by the Convention Committee of the American Osteopathic Association to participate in the presentation of osteopathic manipulative therapy in Dallas, Texas next July.

This request fulfills a long felt need for more of this phase of therapy to be featured at our professional conventions at all levels. It is my sincere desire that the several Academy members, of whom this request has been made, cooperate with our National Association's efforts at this time.

Kindest personal regards.

Sincerely yours,

Angus G. Cathie, D.O.
