HISTORY IS MADE AT NOON

Cutting of ribbon unveiling tablet which will stand at gateway of Philadelphia College of Osteopathy North Center Hospital was performed at exactly noon Saturday, September 29, 1951, at ceremony on the porch of the Nurses' Home, one of five buildings occupying a full city block surrounded by a stone wall. On the porch looking out over the hospital lawn and the attending throng of about 600 is (left) Dr. David Sands Brown Pennock, D.O., M.D., D.Sc., who obtained the first charter for an osteopathic hospital in Pennsylvania, served as Chief of Staff of the Osteopathic Hospital of Philadelphia for more than 25 years, head of Department of Surgery, now Professor Emeritus of Surgery in the College. Dr. Pennock's medical degree was received in 1904 from Hahnemann Medical College, the institution whose graduates staffed the Women's Homeopathic Hospital throughout its 75 years of history before its buildings and ground were purchased by the osteopathic institution this year. With Dr. Pennock and holding the curtain which veiled the tablet during the first half of the program is Dr. Frederic H. Barth, President of the Board of Trustees of PCO and Chairman of the Board of Directors of the Osteopathic Hospital of Philadelphia, who presided during the ceremonies.

(Continued on 3rd Cover Page)
September 29, 1951

"BIG STORY OF 1951" for the Osteopathic profession in the East is North Center Hospital in Philadelphia. When the perspective of history builds up through the years of the future, this high headline of this year may well stand as one of the most monumental milestones in the whole history of osteopathic education throughout the country.

In one stride this summer, Philadelphia's Osteopathic institution more than doubled its hospital bed capacity of the past 20 years; very nearly tripled its clinical teaching facilities; added more than a million dollars to its physical assets; added immeasurable spiritual assets of confidence and power; dispatched a tidal wave of inspiration across the Osteopathic world—the national body, the state and divisional organizations, the colleges, the hospitals, and the individual physicians.

That's why "Dedication Day"—Saturday, September 29—stands as an historic date. It celebrated a transaction unprecedented in Philadelphia Osteopathic history—a dynamic action by the profession which made history in the small space of three months.

When the college conferred the honorary degree of Doctor of Science on Frederic H. Barth, president of its Board of Trustees, at Commencement in June, the step was already in the taking—our leaders were already on the march. In early May the Board Vice-President, Dr. Guy W. Merryman, of Collingswood, learned that the buildings and ground of the time-honored Woman's Homeopathic Hospital, a fixture in Philadelphia's hospital map for the past 64 years, might be available for purchase. That's how our team got started, Merryman to Barth to action.

Things moved fast. May 16 at 12:01 A.M., Osteopathy took over the old hospital's operation. August 16 at high noon in the Board Room of the Land Title and Trust Co., Broad and Chestnut, final settlement was made. In between those two dates, the members of the Osteopathic Hospital of Philadelphia staff marshalled a fund of about $300,000 to expedite the deal!

So on September 29 it was eminently fitting to have present on the dedicatory scene the President of the American Osteopathic Association, Dr. Floyd F. Peckham, of Chicago, Dr. H. Dale Pearson, the AOA Bureau of Hospitals Chairman, and Dr. R. McFarlane Tilley, Chairman of the AOA Council of Education, alumnus of PCO, Class of 1923, and himself a former AOA president.

Students, parents of students, alumni physicians from far and near, auxiliary workers, nurses, representatives of State and city government, as well as many long-term friends and adherents of Osteopathy, were in the attendance of about 600 which occupied the broad lawn facing the porch of the Nurses Home for the ceremonial program. Before and after the ceremonies, the visitors from out-of-town toured the buildings and explored the surgeries and wards with undergraduate guides showing the way.
Dr. Barth was master of ceremonies. Dr. Pearson delivered the dedicatory address. Dr. David Sands Brown Pennock, who secured from the State the first charter ever granted in Pennsylvania for an osteopathic hospital, finished an operation on the third floor in time to cut the ribbon unveiling the bronze tablet. While the 600 guests were partaking of buffet luncheon on the lawn after the dedication, the tablet was fastened in its place at the main gateway, so that all could see it on the way out as the stamp of permanent possession.

On the porch in places of honor were seated Dr. Barth, who spearheaded the making of this chapter of osteopathic history, and his Board associates who shared the load in the power-drive that brought the transaction to fruition, Vice-President Merryman, the man who gave the drive its start, and Secretary Dr. H. Walter Evans and Treasurer Dr. James M. Eaton, who carried it through.

Mrs. Walter B. Supplee, President of the Women’s Homeopathic Hospital Board, graciously sat beside Dr. Barth on the rostrum. Mrs. H. Walter Evans, as president of our Women’s Auxiliary, Mrs. Michael Blackstone, of Allentown, for the American Osteopathic Association Auxiliary, and Mrs. William H. Linton, of Collingswood, N. J., were the other ladies in the line of honor. Mrs. Linton served for long years as a member of the Homeopathic Board. Her husband, WHH Superintendent, continues as Superintendent of the hospital in its osteopathic incarnation.

Acting President Dr. Kenneth L. Heaton and our acting Dean, Dr. Frederick A. Long, sat with figures from public life, Hon. Eugene J. Hagerty, representative to the State Legislature from the district in which the new hospital is located, Hon. Harry Norwitch, city councilman from West Philadelphia and Mr. Harold Salkind, consultant of our financial staff.

Congratulatory messages were received from all over the land, from our Osteopathic colleges, from national and state officers, from men in public life, and from our far-flung galaxy of hospitals. Prominent in the Dedication picture was a tall floral tribute from Detroit Osteopathic Hospital, eloquent evidence of the unity of Osteopathic effort on the national scale.

The dedicatory program fittingly opened and closed on a deeply religious note. The Reverend Colonel Charles B. DuBell, D.D., in his Invocation, established a feeling of dignity and prayerful appeal for Divine Guidance which pervaded the entire program. His Benediction pressed home the serious import of the celebration, the message that goes beyond the present on up the decades of the future.
DR. PECKHAM SPEAKS AT HOSPITAL

Dr. Floyd F. Peckham, president of the American Osteopathic Association, speaking.

Right, Dr. Frederic H. Barth, President of the PCO Board of Trustees, is turning towards Mrs. Walter B. Supplee, president of the Board of the Women's Homeopathic Hospital, which built and occupied the property during 75 previous years until its purchase by the osteopathic institution this summer.

President of KCOS
Kirksville, Mo.

Dear Dr. Barth,

Heartiest congratulations to you and your associates on the settlement of the purchase of the new hospital and on the occasion of its dedication.

Be assured that we all share in your justifiable pride of accomplishment and that our greetings and congratulations will be with you on that day.

Very best personal regards.

Your sincerely,

Morris Thompson
President
Kirkville College of Osteopathy and Surgery

Good Will Messages on Dedication Day

OPF Chief

Denver, Colo.

You can't imagine what a kick I got out of this reorganization of the Philadelphia College and the expansion of the hospital facilities. It is a great thing to have a person at the head of an institution who not only has the vision to see what should be done but the plain unadulterated intestinal fortitude to go ahead and do it. This is what I want to commend you upon and to express to you my own appreciation for these outstanding qualities, but also to say that the profession is beginning to recognize what a tremendous contribution you and the boys there have made.

Sincerely yours,

C. Robert Starks, D.O.
Chairman
Osteopathic Progress Fund Committee
American Osteopathic Association

State Senator
Harrisburg, Pa.

My Dear Dr. Barth,

I want to take this opportunity of thanking you for inviting me to be present at the dedication of the new Osteopathic Hospital Center. Unfortunately it will be impossible for me to be present. I would like to state, however, that I am personally aware of the sacrifice that is being made by your fine group in order to maintain hospital facilities in this area. I know how difficult it was for the group from whom the hospital was acquired to continue its operations, and yet, notwithstanding the obvious fact that there will be a great many difficulties encountered by you in these efforts, I do want you to know that as a member of this community, your problems are also my problems and I do not want you to hesitate to call upon me at any time that you may feel I am in position to be of assistance.

With kindest regards, I am,

Very sincerely yours,

Maxwell S. Rosenfeld
Senate of Pennsylvania

Temple Univ. Alumni Fund Chairman

Dear Dr. Barth, Philadelphia, Pa.

I have been in the United States District Court for the past two weeks, which threw me back so far in my other work that I was kept busy all day Saturday on some very important appraisals that could not be postponed.

You can rest assured that I have always had the Osteopathic Hospital and College at heart and would like to have been present at the dedication.

Yours very truly,

John G. Keck
(Former President PCO Board of Trustees and Chairman OHP Board of Directors)

BOARD PRESIDENTS AT DEDICATION

Dr. Frederic H. Barth, president of the Board of Trustees of the Philadelphia College of Osteopathy, introduces the president of the Board of the Women's Homeopathic Hospital, Mrs. Walter B. Supplee, Bala-Cynwyd, Pa., to crowd at dedication of the former Women's Hospital as the PCO North Center Hospital, September 29, 1951. The acquisition increases the bed capacity of the combined Philadelphia osteopathic hospital units above the 400 mark, making it the largest osteopathic hospital institution in the world. The purchase was consummated August 16, 1951.
HESE members of our Hospital Staff paid advance staff obligations during the month of August which augmented the Fund well above the $300,000 line and made possible this financial transaction which added more than a million dollars to the institution's assets.

DR. PEARSON'S DEDICATORY ADDRESS

Dr. H. Dale Pearson, of Erie, Pa., Chairman of the American Osteopathic Association Bureau of Hospitals, delivering Dedicatory Address at North Center Hospital.

N. J. A. O. P. S.

Dear Dr. Barth,

May I congratulate you and the Philadelphia College in making this wonderful step which means so much to the entire profession. I am sure I speak for the entire Alumni as well as the other members of the New Jersey Society in wishing you success.

Respectfully,

Bernard J. Plone, D.O.
Secretary
New Jersey Association of Osteopathic Physicians and Surgeons

By Telegraph

Harrisburg, Pa.

Exceedingly regret I cannot be present on this memorable occasion. With confidence in your progress, please accept my best wishes for your continued success.

Charles C. Smith
Majority Leader
House of Representatives
School of Nursing Graduates Seven

Seven members of the graduating class of the School of Nursing of Osteopathic Hospital received their diplomas at colorful ceremonies in the auditorium of the College on the evening of September 10.

Dr. Frederic H. Barth, Chairman of the Board of Directors of the hospital, presided and presented the diplomas. The invocation was offered and the benediction pronounced by the Rev. Carl E. Elgena, pastor, Spruce Street Baptist Church.

Dr. James M. Eaton, Chairman of the Department of Surgery, was the principal speaker. The presentation of awards was made by Dr. Harry E. Binder, Associate in the Department of Surgery. Soloists were Miss Hazel Greiner and Miss Dolores Y. Howry.

Patricia Claire Smith, of York, received the Women's Auxiliary Award for the best work in Dietetics and also the Gertrude K. Daiber Memorial Award for second highest average in Theoretical Work. Miss Louise H. Ruby, also of York, won the Nursing Achievement Award.

Ruthann Brown, Ocean City, won the Board of Directors Award for Highest Average in Theoretical Work and also the Ethel M. Beegle Memorial Award given by the Nurses Alumnae Association for the best student in the Nursing Arts.

Dolores Yvonne Howry, Lancaster, won the Bruce Kingman Sterrett Memorial Award as the Best Operating Room Nurse.

Louise DeMuro, of Philadelphia, drew the Obstetrical Award.

The traditional graduation touch was applied by Miss Mildred Brainerd Newton, M.S., who joined the staff as Director of the School of Nursing in July. Symbolical of entrance into the nursing profession and the blessing of the teachers was the pin which Miss Newton with her own hands placed at the throat of each graduate as her name was announced.

**ALUMNAE LEND HUNDRED-DOLLAR HAND TO STUDENT NURSES RECREATIONALS**

Our Hospital Nurses Alumnae Association has appropriated the sum of $100 to the cause of recreational facilities for student nurses in the Nurses Home at North Center Hospital.

The October OHPNAA meeting elected as delegates to Pittsburgh the poetic battery of Reese and Breese, Irma J. Reese and Rose Breese, heading the delegation from here to the Pennsylvania State Nurses Association convention, starting the 29th.
Surgeons Convene in Washington

H EADLINED by the testimonial dinner to Dr. Paul T. Lloyd, '23, by the assembled radiologists from all over America Tuesday evening, October 30, PCO departmental chairmen and staff members were prominent in the program of the 24th Clinical Assembly at Washington, D.C., Oct. 28-31. Sessions at the Hotel Statler brought together the American College of Osteopathic Surgeons, the American Society of Osteopathic Anesthesiologists, the American Osteopathic College of Radiology, the American Osteopathic Academy of Orthopedics, and the American Osteopathic Hospital Association.

Dr. Frederick A. Long, Acting Dean of PCO and Professor of Neurology and Psychiatry, opened the program Monday morning with “Psychology of Surgery.” Dr. Galen S. Young, PCO '34, Attending Surgeon at Osteopathic Hospital of Philadelphia, spoke on “Neoplasms of the Colon.”

Tuesday morning the surgeons heard Dr. E. G. Drew, PCO '11, Professor Emeritus of Gynecology, now at the Waterville Osteopathic Hospital, Waterville, Me., on “Making the Patient Safe for Surgery.” That evening, Dr. J. Ernest Leuzinger, PCO '24, Chairman of the Department of Ophthalmology, Otolaryngology, and Bronchoscopy at OHP, acted as Moderator at the Urology Round Table Conference.

Wednesday morning, Dr. Michael Blackstone, PCO '34, Allentown Osteopathic Hospital, led off with “Hematuria in Urological Tract Emergencies.” Dr. James M. Eaton, PCO '28, OHP Chief of Staff, and Chairman of the Department of Surgery and of Orthopedic Surgery, was Moderator in the Panel Discussion of “Register of Training Programs—The Certification Program,” while Dr. K. George Tomajan, PCO '35, was a member of the Panel.

Dr. J. Craig Walsh, PCO '37, OHP Attending Anesthetist, President of the ASOA, conducted the Anesthesiologists program. The first topic, “The Relationship between the Surgeon, Anesthetist, and Patient,” was presented by Dr. Karrig Tomajan, PCO '30, of Boston.

Dr. Francis J. Smith, PCO '17, OHP Chairman of the Department of Anesthesia, acted as Moderator for the Symposium on Inhalation Anesthesia opening the Tuesday program. In the afternoon Dr. Eaton spoke on “Post-Spinal Back Pain.” Dr. K. George Tomajan and Dr. Walsh collaborated in the Symposium on “Endotracheal Anesthesia” Wednesday afternoon.

Dr. Paul T. Lloyd, PCO '23, Chairman of the OHP Department of Radiology, spoke on “Acute Pulmonary Pathology” to the Radiologists while Dr. Wesley V. Boudette, PCO '34, Akron, O., discussed “The Chest in Geriatrics.” Dr. John H. Puller, PCO '38, Flint, Mich., described “Chamber Enlargement of the Heart,” followed by Dr. Kenneth L. Wheeler, PCO '34, on “The Duodenum.”

Dr. H. Miles Snyder, PCO '38, Detroit, went into “Physiologic Aspects of Radiation Hazards from the Standpoint of the Radiologist” at the Monday afternoon session with Dr. Paul B. Miller, PCO '33, leading the discussion. Dr. Puller closed this session with a diagnostic film conference.

“Laminography” was a Tuesday morning subject, with Dr. Eugene R. Kraus, PCO '13, New York, lecturing. In the afternoon Dr. William L. Tanenbaum, PCO '37, Philadelphia, discussed “Radioactive Tracer Isotopes as Diagnostic Aids.” Dr. A. Aline Swift, PCO '34, OHP Associate Radiologist, led the discussion on “Differential Diagnosis of Renal Tumors.”

The Radiologists banquet Tuesday evening was featured by a Therapy Round Table with Dr. Lloyd as Chairman, and Drs. Snyder, Wheeler and Tanenbaum on the Panel. The finale of the Radiology program Wednesday was “Diagnosis of Disc Lesions—A New Approach” by Drs. Eaton and Lloyd.

Leadoff man for the Orthopedists program was Dr. Charles H. Brinfield, PCO '41, “Differential Diagnosis of Pathology Affecting the Shoulder Girdle.” Next was Dr. Clyde C. Henry, PCO '43, Denver, Colo., “Radiologic Evaluation of Shoulder Girdle Pathologies.” Monday morning's program climaxed with “Cervical Pain with Associated Brachial Neuritis” by Dr. Arnold Gerber, PCO '40, OHP Attending Orthopedist. Dr. Eaton was Moderator for the Surgical Procedures Round Table on the Orthopedists Tuesday program.

Miss Jean M. Hall, Superintendent of the Osteopathic Hospital of Philadelphia, and Philip Rosenthal, Director of Philadelphia’s Metropolitan Hospital, were feature speakers on the Hospital Association's program.
SURROUNDED by his friends and colleagues from Coast to Coast gathered in Washington for the annual meeting of the American Osteopathic College of Radiologists, our own Dr. Paul T. Lloyd, '23, received the highest accolade in the power of his friends to bestow when he took his seat as Guest of Honor at the Testimonial Dinner October 30.

Dr. M. Carman Pettapiece, '32, of Portland, Me., was toastmaster. Dr. D. W. Hendrickson, KC '34, AOCR President, gave the address of welcome. Dr. Charles J. Karibo, '30, Detroit, first radiological specialist trained by Dr. Lloyd, with deep feeling cited his unparalleled record of 13 residents trained and 51 radiologists whose proficiency branches from his courses and the personal zeal which has imbued Dr. Lloyd in his lifework at PCO-OHP.

Dr. Raymond P. Keesecker, ATS '23, AOA Editor-in-Chief, made the testimonial presentation speech, expressing the tribute of the profession as a whole. The testimonial scroll bore the signatures of all the AOCR members and the engraved Resolution of Honor, facsimile of which appears below.

As an additional gift, Dr. Lloyd was presented with a Viewer-Enlarger for 35 mm. film, with a series of slides listing his pupils and their present positions.

---

**To Paul Turner Lloyd**

Your colleagues assemble to honor you, as they become one in the common recognition that you have returned to your profession talents enriched far beyond what you have received.

In an age when technical learning receives the first awards, you maintain that lasting achievement can grow only out of sound and well-rounded scholarship. As an osteopathic physician you have taken medical learning of the past as your rightful inheritance and given that learning unity through the contribution of Andrew Taylor Still, holding that this truth is not static nor mechanistic, but vital and dynamic as it is nourished by the newer truth of today.

Although you have become a ranking specialist in one field of medicine, for you the validity of specialized knowledge lies not alone in itself, but in the relationship that it bears to the whole of medicine.

You have become outstanding as a teacher of youth, not because of precept and example, but because you ask of these young men and women no less than you demand of yourself, against that day when they come into their heritage as physicians, to the end that they may be worthy of that heritage.

These high qualities of character you exhibit simply and honestly, as like-minded men have done in the past, as they do today, and shall do in the days to come. You become, thereby, a link in the continuity of the human spirit which binds us to you in its fellowship:

> The life of man is brief and of uncertain duration is his handiwork, be it ships or houses, government or laws, but the echoes that go from soul to soul shall last as long as human life itself lasts.

Given in admiration, in gratitude, and in respect and love, by a few of the many who so hold you within their minds and hearts, the thirtieth day of October, 1951, in Washington, D. C.
PCO North Center Hospital in Heart
Dr. Ralph Lawrence Fischer

The Philadelphia Osteopathic family was shocked and saddened by the sudden death, September 10, of Dr. Ralph Lawrence Fischer, PCO ’21. Dr. Fischer suffered a heart attack while driving his car out of a parking lot in Erie, Pa.

Funeral services, attended by faculty, staff and students of the institution to which he devoted more than a quarter of a century of service, were held September 13 at St. Luke’s Episcopal Church in Germantown, where Dr. Fischer lived from the time of his graduation until moving to Erie this spring. He was buried in the historic churchyard adjoining the chapel.

Native of Paterson, N. J., Dr. Fischer attended University of Pennsylvania for two years, received his D.O. at PCO in 1921, and did graduate work at Post-Graduate, Poly-clinic, Cornell Medical, and Bellevue in New York City, Massachusetts General in Boston, Johns Hopkins in Baltimore, and George Washington, in Washington, D. C.

He was in general practice for 18 years before concentrating in Osteopathic Internal Medicine. In 28 of his 30 years of practice in Philadelphia he was a member of the faculty at PCO and the staff of the Osteopathic Hospital, Chairman of the Department of Internal Medicine from 1926 until his resignation this year.

Dr. Fischer was a member of the AOA, POA, EOA, American College of Osteopathic Internists, the Osteopathic Veterans, and Rotary International. He held an honorary Fellowship in the American College of Osteopathic Internists, for which he was Memorial Lecturer in 1948. For the Pennsylvania Osteopathic Association he was Golden Jubilee Lecturer in 1950.

His achievement in the reorganization of the Hospital Clinic and his training of associates in the field left an indelible mark in PCO annals.

Dr. Fischer is survived by his widow, Dr. Cornelia VanWagenen Fischer, PCO ’23, whom he married three months after her graduation, and a son, Ralph Lawrence Fischer, Jr., now a student at Temple University Medical School.

Dr. Charles Aloysius Furey

The profession as a whole and particularly in the State of New Jersey pays a tribute of respect to the memory of Dr. Charles A. Furey, PCO ’12, who died in Atlantic City Hospital, September 15, at the age of 67. Honored only a short time before by the Wildwood Rotary Club for 36 years of continuous service, Dr. Furey entered the hospital for observation September 10. His condition became grave Friday. Members of his family were at his bedside when he died.

Dr. Furey was the Osteopathic member of the New Jersey State Board of Medical Examiners since 1935. In June 1950 he was honored by his alma mater, PCO, with the degree of Doctor of Liberal Laws (LL.D.).

Pioneer of his profession in Cape May County, he maintained offices in Wildwood and Cape May. He served as president of the board of the Cedar-Schellinger Corporation of Wildwood, operators of the boardwalk amusement, and for three years was acting Cape May County physician, named by the Board of Freeholders.

Solemn Requiem Mass was sung at the Star of the Sea Church, Cape May, September 20. A viewing was held at the Hollingshead parlors, Cape May. Interment was in St. Mary’s Cemetery.

He is survived by his wife, Rose, four sons, Dr. Joseph Furey, of Wildwood; Dr. Charles A. Furey, Jr., of Philadelphia; Halpin and William and a daughter, Mrs. John Kenney.

The Rev. Edward J. Manion, of the Star of the Sea Church, and the Rev. Edmund Ahern, of St. Ann’s Church, Wildwood, conducted the Mass.

Rev. Manion spoke of Dr. Furey as a most charitable person whose passing (Continued on Page 11)
Dr. E. T. Ferren Appointed To New Jersey State Board

New Osteopathic member of the New Jersey State Board of Medical Examiners is Dr. Edwin T. Ferren, P.C.O. '32, of Camden. He was appointed Oct. 17 by Governor Dricoll to fill the post of the late Dr. Charles A. Furey, P.C.O. '12.

Dr. Ferren was graduated from Camden High School, Pennington Prep, and Gettysburg College before entering P.C.O. He did postgraduate work in medicine and surgery and is eminently fitted for his new responsibility.

He placed his name in the athletic Hall of Fame at Camden, Pennington and Gettysburg as a football and basketball player. He is at present President of the Pennsauken Township National Bank, municipal physician in Delaware Township and executive officer of the township Board of Health.

Dr. Ferren's offices are in Camden. He is a resident of suburban Colwick and has a son, Edwin T. Ferren, 3rd, now a student at Gettysburg.

—Dr. Furey—
(Continued from Page 10)

is to be keenly felt in Wildwood and the county.

"He constantly worked conscientiously and zealously for others," Rev. Manion said. "He had done much for this parish. He has sent coal and clothes to needy families. He helped old men and women who will shed tears at his passing."

"Dr. Furey was loved in this parish. He was a faithful member. He lived a useful life and served a real purpose. Let us pray for his soul, for we have sustained a great loss."

Members of the State Police led the funeral procession.

Men and women, boys and girls, from all walks of life, attended the viewing. There was a steady stream of people, many of them coming from Philadelphia, Camden and Atlantic City to pay final tribute.

Members of the Boosters Association led by Marshall Bainbridge, vice president of the group, of which Dr. Furey was president, marched in a body to the viewing.

The Five Mile Beach Traction Company operated free buses from Wildwood Tuesday evening to the undertaking establishment.

Services were attended by upwards of 1,000 persons and the funeral cortège was the largest ever seen in Cape May County. Seven cars were used to transport the flowers to the cemetery.

George Washington Farrington
A Tribute by
J. St. George Joyce
Editor, Digest

Occasionally we meet on our journey through life a rare but true and honorable soul—a delightful character with whom we are only too unfamiliar. Someone has aptly coined a name for him: a "Gentleman of the Old School"—a name, I think, which best describes the attributes of honor, principle, mutual respect, and other spiritual values which he brings to us as precious commodities with which the world once was endowed.

Such a "blythe spirit" was George W. Farrington, veteran representative of the Printing Arts, who, for the last seventeen years, has been assisting the editor of the Digest in putting that publication "to bed." Mr. Farrington passed away recently.

There are biographical facts, of course: a native of Philadelphia, 1878, he was the son of Mary Louisa Kurtz and Hamilton Rush Farrington. He was descended on his mother's side from John Hart, of New Jersey, one of the signers of the Declaration of Independence, and Major John Polhemus, of the First Battalion, First Establishment, Continental Troops, a distinguished Revolutionary War hero.

Mr. Farrington was associated successively as partner with the Richter Printing Company; secretary and treasurer, Harper Printing Company; and since 1934, with Lyon & Armor. But facts and figures are statistics—cold, colorless.

And so, let us bid farewell to George Farrington as he is embraced by the enfolding vistas of Eternity.

Vade, George Farrington—
"Gentleman of the Old School."
Vade in Pace!

Trustee Gets Degree

Hon. Frederic D. Garman, president of Philadelphia's City Council, and member of the PCO Board of Trustees, received his 33rd Degree in Freemasonry at Boston last month.

Christmas Seal Comes of Age

By Dr. Stephen M. Pugh, Chairman Committee on Christmas Seals

Our Christmas seal has come of age. This year, for the twenty-first time, it will carry to the world Osteopathy's message of health to all men.

Both in point of time and in point of service, it has reached its majority. Now that it divides its income between the student loan and research funds, its potential has been many times multiplied. We, of the Committee, hope this year to translate that potential into greater returns than we have yet realized.

This is possible. We have back of us two powerful forces, the profession itself and the Auxiliary of the American Osteopathic Association, and through them our great osteopathic public. Both the profession and the Auxiliary know that if we are to continue forward, especially in research, we must have money, big money.

Our plans for you of the profession—and this includes our student and hospital groups—vary little from those of other years, except in expectation. This year we are sending each of you the customary two sheets of seals. But this year we are asking that your return be not the customary two-dollar payment for the seals, but a contribution large enough to measure your realization of the gravity of the research situation. We are further asking that you order and distribute as many additional sheets of seals as you have responsive patients. Grateful people are generous people. Your patients are grateful to you; give them an opportunity to make their gratitude tangible.

We have set our 1951 goal at $40,000. Of that, $36,000 (90 per cent) will go to the research fund, to help us prove in the language of science what we have already proved in the language of practice and legislation—that osteopathy is making a distinct and important contribution to the public health.

Binder Heads District One

Philadelphia County (District One of the Pennsylvania Osteopathic Association), elected Dr. Harry E. Binder, P.C.O. '35, to serve as President for the coming year at the annual elections meeting October 18. Dr. Hubert A. Wagner, P.C.O. '41, was named Vice-President, Dr. Harold O. Lyman, P.C.O. '30, Secretary-Treasurer, and Dr. Robert D. Anderson, P.C.O. '30, delegate to the P.O.A. Council of Representatives.
Osteopathy’s Star Team

Celebrates 40th Milestone

(Reprinted from Philadelphia “Bulletin”)

When the Drs. Drew were graduated from the Philadelphia College of Osteopathy in 1911, they decided to pool their degrees under a single shingle and their lives under one name and one purpose.

“The advantages,” says Dr. Margaret, “were almost too many to mention.”

“And the disadvantages,” adds Dr. Ira, “practically didn’t exist.”

That’s the way they looked at it then, when they were a couple of youngsters starting out with diplomas, and that’s the way they look at it now, several grandchildren later.

“We work with each other, beside each other and for each other,” says the lady in the case, Dr. Margaret Spencer Drew, 5304 Wayne Avenue, Germantown.

Dr. Ira Walton Drew agrees. For him, practice with his wife in the same offices has been most satisfactory. He’s the half of the combination which has found its channels in a varied career. Besides his position on the board of trustees of the Philadelphia College of Osteopathy, and his work as a teacher of pediatrics for many years, he served two years in Congress, 1936-38, and spent much time working the kinks out of the plan for the nation’s superhighways.

“It worked out nicely,” Dr. Margaret states. “While Dr. Ira was in Washington, I carried on our practices, both his and mine.”

“And I took care of our patients while Mother was having the boys,” Dr. Ira pointed proudly to pictures of their two sons. “This is John. He’s an osteopathic physician himself now—in Dallas, Texas. And this is Hubert. But our collaboration goes further than that. When my wife has a problem with one of her patients, she comes to me for help. And when I want advice, I come to her consulting rooms. She’s a whiz in difficult diagnosis.

“Actually, it goes further yet.” A suggestion of a twinkle comes into Dr. Ira’s eyes. “Now with the help problem being so difficult, Mother does the cooking and I do the marketing and wash the dishes. It works out fine.”

Dr. Margaret ponders a minute on whether or not she would advise young couples to work in the same field. “Of course,” she says, “we do feel that we’ve been very fortunate in being able to work together so happily. I don’t think, however, that everybody could do it. A lot of men and women don’t have the temperament to be in the same offices and do the same work together. It takes a lot of common sense and a broad mind to do it successfully over a long period of time.”

Dr. Margaret adds that they could not have practiced together if Dr. Ira hadn’t have a great deal of confidence in women’s ability to take their place in the world.

“The proof of the pudding,” they sum up, “is that after all these years of marriage and practice, we still speak to each other here 40 years after!”

Dr. Stuart F. Harkness, P.C.O. ’28, Acting Chairman of the P.C.O. Department of Osteopathic Medicine and co-Director of Graduate Education, took office October 31 as President of the American College of Osteopathic Internists at the annual convention held at the Hotel Savery, Des Moines, Iowa.

Dr. Stuart F. Harkness, P.C.O. ’28, of Des Moines, Iowa, was General Convention Chairman in charge of the 4-day program starting October 29. Featured in the Cardiac program was a presentation by Dr. D. Leonard Vigerden, P.C.O. ’43, of Forest Hills, N. Y., of “Treatment of Cardiac Irregularities.”

Dr. Barth at State Meetings

Dr. Frederic H. Barth, president of the Board, was a feature speaker on the program of three State Conventions during the summer months; the Maine meeting in June, New Jersey and Pennsylvania in September.

Dr. Charles W. Sauter, II, P.C.O. ’31, newly-elected member of our College Board of Trustees, comes up for election for City Council in his home town, Gardner, Mass. Thus Dr. Sauter is moving in public life at three levels, for at the national level he is Speaker of the American Osteopathic Association House of Delegates.

Daiber New President of Internists’ College

Dr. William F. Daiber, P.C.O. ’28, Acting Chairman of the P.C.O. Department of Osteopathic Medicine and co-Director of Graduate Education, took office October 31 as President of the American College of Osteopathic Internists at the annual convention held at the Hotel Savery, Des Moines, Iowa.

Dr. Stuart F. Harkness, P.C.O. ’28, of Des Moines, Iowa, was General Convention Chairman in charge of the 4-day program starting October 29. Featured in the Cardiac program was a presentation by Dr. D. Leonard Vigerden, P.C.O. ’43, of Forest Hills, N. Y., of “Treatment of Cardiac Irregularities.”

STATE REPRESENTATIVE HAGERTY

From the State Legislature at Harrisburg came the Hon. Eugene J. Hagerty, representative of the legislative district in which North Center is located, to bring the message from the lawmakers and to impress on the listening dedicatory audience the responsibility of the profession to the public as well as the confidence of the solons in our institution and its activities.

Dr. Paul Snyder Lectures in Kirksville and Washington

Dr. C. Paul Snyder, P.C.O. ’10, co-Chairman of our Board of Trustees Committee on Student Government and Instruction, presented the fruits of more than a quarter of a century of research and clinical practice in an address at the Kirksville College of Osteopathy and Surgery, October 2. On October 16, he delivered the feature lecture at the Washington, D. C., Dental Association in the Chamber of Commerce lecture room, United States Building, in collaboration with Dr. Leonard Hillerman.

Slides depicting the actual deformities produced in the cranial structures by errors of dental bite, irregular dentures, etc., pointed out the salient conclusions to be drawn from Dr. Snyder’s work. He is recognized as a leading authority on the relationship of dental lesions with the fascia of the head and neck as etiological factors in pathologic processes.

Dr. Snyder’s Kirksville lectures were attended by the KCONS Senior and Junior classes in a body and virtually the entire faculty and members of the Board who were on the campus at the time. His session in Washington went nearly four hours before the attending dental surgeons were through with all their questions.
Dr. Cathie North and South

October was a busy month for Dr. Angus Gordon Cathie, PCO '31, and PCO Professor of Anatomy. He addressed the Georgia Osteopathic Association at Atlanta, October 7. He hopped to the New York State meeting the week following, then pointed South again to Asheville, N. C., for sessions the 21st and 22nd. "Anatomical Phases of Manipulative Therapy" gives the general idea of Dr. Cathie's contributions to the programs, with special emphasis on the shoulder-joint.

Old 35 Reunees

PCO '35 held a reunion luncheon during the POA convention in Harrisburg. Marshalled by Dr. Blanche Clow Allen, of Bryn Mawr, the clan got together at the Penn-Harris. Dr. Allen, Dr. Harry E. Binder, Philadelphia, Dr. Charles H. Black, Johnstown, Dr. Glen W. Cole, Norristown, Dr. A. A. Golden, Wilmington, Dr. Edith M. Incababian, Wilmington, Dr. William H. Lodge, Hershey, Dr. Charles F. Winton, Wilkinsburg, and Dr. Galen S. Young, Chester.

PCO in AOA Elections

Dr. T. L. Northup, ASO '26, Morristown, N. J., father of Dr. George W. Northup, PCO '39, was elected second vice-president of the American Osteopathic Association at the Milwaukee convention. Dr. Alexander Levitt, PCO '25, was reelected to the Board of Trustees for another 3-year term. Dr. Reed Speer, PCO '37, president of the PCO Alumni Association, was elected to the Board. Dr. Charles W. Sauter, II, PCO '31, was reelected Speaker of the House of Delegates.

THIS IS 1921—HOW ABOUT YOUR CLASS?

We'd like to print an "Old-Timers" Class Picture every issue. All it takes is to rout into that trunk and dig it up and send it in. We'll return it to you in perfect condition after we make the cut.

"Twenty-one" was the first class to spend all four years in the college location at 19th and Spring Garden. In their senior year the official name was changed from "Philadelphia College and Infirmary of Osteopathy" to what it is now. You can still see the vestiges of the old name under the quick paint-in job.

How many faces did you recognize before reading this roll-call?

Top row: Walter J. Scutt, Moritzmer Joseph Sullivan, Wilfred Greenburg. (John Joseph Kelly and Henry Winter were absent that day.)
Alumni Membership Drive

DR. H. WILLARD STERRETT, JR., '44
Secretary of the Alumni Association

Alumni membership this year started out with a rush of new members and a good return of former ones. A second notice of dues was sent out in August with fair results. However, when the final figures are added, we are only a little ahead of last year, with 366 paying members. In addition, there are 90 additional ones, representing the recent graduates, which gives us a total of 452 in the Association in good standing.

There are still a number of former members that have apparently overlooked their dues for this year, and we are hoping that when these are contacted, we can reach 500 members, which has been our goal for this year.

Below is an itemized membership distribution. Are you represented somewhere in this total? If not, why don't you fill in the coupon and mail it to the alumni office with your check.

California 5 Pennsylvania 198
Colorado 1 Nor-Phila.
Connecticut 3 90
Delaware 3 Phila. 108
Florida 7 Rhode Island 9
Georgia 1 Tennessee 1
Iowa 2 Texas 2
Kentucky 1 Vermont 1
Maine 5 Virginia 5
Maryland 1 Washington, D.C. 2
Massachusetts 9 1
Michigan 15 West Virginia 1
New Hampshire 1
New Jersey 39 366
New York 47
Ohio 6 (Also 86 not in practice.)
Oregon 1

Survivors' Club Banquet

One of the newer organizations around the Philadelphia College of Osteopathy and Hospital is The Survivors' Club, which held its annual banquet at McAllister's on October 25th with 43 in attendance.

This organization began in October 1946 when Dr. Galen S. Young, PCO 35, invited the retiring interns and residents to a banquet, in appreciation of services rendered to his patients while in the hospital. There were twelve in attendance, and filet mignon was the main order of business. The following year, the same intern alumni met again, as well as the new group of out-going interns. The idea met with such favor that plans were made to organize formally with an annual reunion, the last Thursday of October. Officers were elected, plans made for By-Laws, and the custom established that the retiring interns would be the guests of Dr. Young and the other members of the club.

The organization has prospered, and now claims 62 members, the last nine just having been initiated. There have been a number of songs written concerning individuals of the group, principally written by Drs. Saul Kanoff, and Jerome Axelrod, both '47, which are traditionally sung. The main order of business continues to be filet mignon. To be eligible for membership, one must have served a full year's internship or residency at OHP since November 1945. Dr. William Gillespie '49, was elected President for the ensuing year. The Vice-President is always the incumbent Chief Resident. Others elected include: Dr. H. W. Sterrett, Jr., '44, Sec.-Treas.; Dr. Nicholas C. Eni, '46, Historian; Dr. Jerome Axelrod, '47, Toastmaster; Drs. Harry Binder, '35, and Leon Weingrad, '46, Sergeants-at-arms; Group representatives include: Drs. Charles Hemmer, '43; George Roedell, '46; Dominic Marisco, '47; Joseph Back, '48; Dorothy Sivitz, '49; and Theodore Asnis, '50.

PCO Down Tennessee Way

Dr. William E. Brandt, PCO '21, executive assistant to the President of the Board of Trustees, represented the College at the convention of the Tennessee Osteopathic Association, held at the Hotel Andrew Jackson, Nashville, October 9, 10, 11. Dr. Clyde S. Saylor, PCO '46, was a program headliner, giving three papers and demonstrations, representing our Department of Osteopathic Medicine.

The Stork Parade

1928
Son, born Sept. 20, to Dr. and Mrs. William F. Daiber of Philadelphia, at OHP.

1942
Son, born in August at OHP to Dr. and Mrs. Spencer G. Bradford of Philadelphia.

1948
Daughter, Mary Anne, born June 13, at Allentown Osteopathic Hospital, to Dr. and Mrs. Arlan E. Strausser, Jr., of Reading.

1949
Son, Robin, born Aug. 15, at Allentown Osteopathic Hospital, to Dr. and Mrs. Robert Friedman.
ALUMNI NOTES

1923

DR. CORNELIA V. FISCHER is planning to continue her residence in Erie, Pennsylvania. After the death of her husband, Dr. Ralph L. Fischer, '21, she went on a motor tour to Kansas, and is at present vacationing in Florida.

1944

DR. H. WILLARD STERRETT, JR., is going to continue the practice of Urology in the downtown office of his father. Dr. Sterrett, Jr., had been serving a Fellowship in the Department of Urology at the Osteopathic Hospital of Philadelphia, and has been associated with his father in urological practice for the past five years.

1946

DR. MORTON TERRY

1947

DR. ALBERT FELDMAN have opened a hospital in Miami, Fla., "The Magnolia Hospital."

1949

DR. MARTHA JEANE SHAW, now at Mt. Clemens General Hospital, Mt. Clemens, Mich., is preparing for a career as a medical missionary in Africa.

State Association Officers

Dr. Frederick E. Arble, PCO '38, of Carrolltown, Pa., took office as president of the Pennsylvania Osteopathic Association at the annual meeting of the association in the Penn Harris Hotel, Harrisburg, September 21.

Dr. John McAllister Ulrich, PCO '27, of Steelton, Pa., was named president-elect. Dr. Sidney W. Cocks, PCO '28, of Towanda, was elected secretary and treasurer. Dr. William H. Behringer, Jr., PCO '38, of Allentown, was elected Speaker of the House of Delegates and Dr. Clyde S. Saylor, PCO '46, of this city, was named Vice-Speaker of the House.

Dr. Galen S. Young, PCO '35, Dr. Ruth Timley, PCO '23, and Dr. Joseph F. Py, PCO '26, of the faculty of the Philadelphia College of Osteopathy, and Dr. Robert D. Anderson, PCO '30, Germantown, were named delegates to the American Osteopathic Association meeting in Atlantic City next July.

OSTEOPATHIC EDUCATOR

Dr. R. McFarlane Tilley, Chairman of the American Osteopathic Association Council on Education, conveying greetings to the crowd of 600 attending the dedication of the Philadelphia College of Osteopathy North Central Hospital, September 29, 1951.

Secretary Sterrett

Pumps With Pepsi

PCO booth was the favorite “tank-up” station at the Harrisburg convention of the Pennsylvania Osteopathic Association September 21, 22, and 23, thanks to Alumni Secretary Dr. H. Willard Sterrett, Jr. Wily Willard had his Pepsi fountain going full blast all three days and once he got them into his power he made the free-load pay off in substantial PCO progress.

Eminent Additions To College Board

Arthur E. Armitage, Sr., Collingswood, N. J., and Dr. Charles W. Sauter, II, PCO '31, were elected to the PCO Board of Trustees at the Annual Meeting of Stockholders September 19. Reelected were Dr. Ira W. Drew, PCO '11, and Dr. Carl Fischer, PCO '25, Philadelphia, and Dr. Alexander Levitt, PCO '25, Brooklyn. All elections were for three-year terms.

Mr. Armitage, Mayor of Collingswood since 1933, is New Jersey State Commissioner on the Board of Education and President of the College of South Jersey, which he organized in 1928. In 1926 he founded the South Jersey Law School.

In his long career of public service he has been a leader in the civic progress which has stamped his home town as one of the outstanding communities of the State. Graduate of Gettysburg College, he was connected for a time with the Edison Laboratories. He has served as president of the Camden County Rotary Club, president of the Camden County Mayors Association, president of the Camden County Community Chest, president of the New Jersey State Association of Football Officials, president of the New Jersey Association of Colleges and Universities, and Director of the Camden Y.M.C.A.

He is presently Divisional Chairman of the Camden County Community Chest and president of the Collingswood Rotary Club.

Dr. Sauter, one of our most active alumni in national osteopathic affairs, is Speaker of the House of Delegates of the American Osteopathic Association. After graduation from PCO in 1931, he took extern training at Boston City Hospital and Massachusetts General from 1932 to 1940. He was on the faculty of Massachusetts College of Osteopathy from 1935 to 1940.

Engaged in general practice and Roentgenology in Gardner, Mass., Dr. Sauter is a member of the American Osteopathic Association, the Massachusetts Osteopathic Society, Eastern and New England Osteopathic Associations, the Academy of Applied Osteopathy, the Exchange Club and the Rotary Club and is treasurer of the Gardner Merchants Football Team. On the side he is a noted breeder of Guernsey cattle and Morgan horses.
Osteopathy From Overseas

Two students from overseas—an Iranian aspiring to be the first osteopathic physician in his native Teheran and an Austrian who spent three years in a German concentration camp—are enrolled in this year's freshman class at the Philadelphia College of Osteopathy.

The class of 1955, selected from more than 500 applicants, has representatives from fourteen states, as well as Iran and Austria. The bulk of the class comes from the Middle States, 48 from Pennsylvania, 17 from New Jersey, and 15 from New York.

The Iranian—Badi Zohoury—is a graduate of Alborz College who studied in the medical school of the University of Teheran before entering Long Island University, from which he was graduated this year. In Osteopathic college records Zohoury would appear to be 649 years old, since the year of his birth is recorded as 1302. The record is a photostat of a translation from the Persian, the solar year 1302 on the Iranian calendar corresponding to the Western 1914.

The Austrian student—Berthold Mandel—attended University of Vienna before joining Zohoury at Long Island University. His father, a Viennese lawyer, was killed during the German occupation. Young Mandel's stay in the concentration camp imbued him with the determination to become a physician.

"Life there was cheaper than a slice of bread," he said. "We survivors felt it was only a miracle that saved us. I decided then to devote the rest of my life to helping the sick and needy."

Where Are We?

PCO alumni are in practice in every State east of the Mississippi which has an osteopathic population of more than 10. Alabama, Mississippi and South Carolina have a collective census of 24, none of them PCODO's.

West of the Miss., we need PCO missionaries for Kansas, Minnesota, Nebraska, Louisiana, South Dakota, Utah, Wyoming, Montana, Idaho and Nevada. Kansas is the osteopathically biggest of these PCO-devoid States, and Kansas has a modest 232. The others are all under a hundred. Idaho and Montana have about half a hundred, Nevada 29, and Louisiana, Utah and Wyoming all less than 25.

So in 48 States we have 13 blanks. Here's pointing for the day when our alumni roll-call will hit home in all the 48 stars of the flag.
Freshman Roll-Call, Class of 1955

LATTA, RICHARD S. ...........................................Philadelphia University of Pennsylvania, A.B.

LAZAROU, LOUIS M. ...........................................Bronx, N. Y. New York University, A.B.

ZIGERMAN, HERBERT L. .................................Philadelphia Temple University, A.B.

ZOHOURY, BADI ............................................Teheran, Iran Teheran University Long Island University, B.S.
TICK OFF Saturday night, February 2, 1952, on your calendar. CHARITY BALL!

Better ring a red circle around the whole week-end and make it a P.C.O. Homecoming fiesta, Founders’ Day program Friday morning, Graduate Courses the rest of Friday and all day Saturday, then wind up with the gay throng in the Grand Ballroom of the Hotel Broadwood, Broad and Wood, at the time-honored top-line social event of Philadelphia Osteopathic winter calendar.

“Charity” this year means Radiology. Net proceeds go to Roentgenological equipment for our new hospital unit, North Center. The aim is to make X-ray facilities of North Center the super-best anywhere—both diagnostic and therapeutic. We need it. there’s room for it at North Center, we’ll GET it.

Chairman Harry Binder, P.C.O. ‘35, has his battalion of committees marshalled and in full function. Dinner and dancing is the program with entertainment of quality rather than quantity sandwiched between dessert and the first dance. The Charity Ball organization’s general plan is to maintain and enhance the features that have stood the test of time in approval of our lay constituencies, our alumni, staff, faculty and undergraduates, and to add a wealth of new appeal.

Here’s the line-up of C.B.O. committees when Head Coach Harry blew the kickoff whistle October 7:

I. HONORARY CHAIRMAN: Dr. Frederic H. Barth.

II. ADVISORY COMMITTEE: Dr. H. Walter Evans, Dr. James M. Eaton, Dr. Leo C. Wagner, Dr. Frederic H. Barth.

III. STEERING COMMITTEE: Dr. Harry E. Binder (Chairman Executive Committee), Dr. Edwin A. Cressman, Mrs. H. Walter Evans, Mrs. Walter K. Sherwin, and the Chairmen of all Committees.

A. Reservations-Seating Committee: Dr. F. Munro Purse, Chairman: Dr. Nicholas Tretta, Dr. Charles W. Snyder, Dr. J. B. Rapp.

B. Arrangements Committee: Dr. Arnold Gerber, Chairman: Dr. H. Mahlon Gehman, Mrs. Charles A. Hemmer, Mrs. Herman E. Poppe.

C. Entertainment Committee: Dr. Arnold Melnick, Chairman: Dr. H. Willard Sterrett, Jr., Dr. George H. Guest.

D. Program Committee: Dr. H. Willard Sterrett, Jr., Mrs. James M. Eaton, Mrs. H. Willard Sterrett, Jr.

E. Publicity Committee: Dr. William E. Brandt, Chairman: Dr. Guy W. Merryman, Dr. Lester Eisenberg, Dr. Nicholas C. Eni.

F. Lay Committee: Assistant Superintendent of Police Guy E. Parsons, Chairman: Mr. David Melnick, Mr. William Gillespie, Mr. Bernhardt Mosler.

H. Prizes Committee: Dr. A. Mascoli, Chairman; Dr. Arthur M. Flack, Jr., Dr. Saul Kanoff.

IV. TREASURY: Dr. Leo C. Wagner, Dr. Victor R. Fisher.
